

FUYL Cell™

Charge, store and secure your mobile devices

Safe and storage. FUYL Cells are designed to store and secure valuable mobile electronic devices such as Tablets, Laptops, Mobile Phones and more. Each Cell has five individually lockable compartments.

Highly compatible. Each compartment is equipped with a power point and two USB ports, so you can charge almost any mobile electronic device.

Lifetime warranty. PC Locs products are built to last the distance.¹

Secure charging. Create a secure charging facility in any environment with PC Locs FUYL Cells. Perfect setup for schools, universities, convention centres or anywhere electronic devices are used.

Modular and scalable. Mount the FUYL Cells on a wall or stack them on top of one another. It's your choice! FUYL Cells are designed to adapt to almost any environment.

Fully ventilated. Uniquely designed for passive ventilation to minimise heating during charging.

It just makes life easier.

Truly universal... FUYL Cells feature two USB ports as well as a power point in each compartment. USB-A delivers 2.1 amp power which is perfect for Apple devices including the iPad, whilst USB-B suits other mobile electronic devices.

Security... Depending on your needs, you can customise the FUYL Cell with a locking option that suits you. Choose from:

- Digital lock (top Cell)
- Keyed Cam Lock (middle Cell)
- Padlock ready Wing Lock (bottom Cell)

Storage... Each FUYL Cell is equipped with five lockable compartments for storing and charging Laptops and other mobile electronic devices. Each compartment is wide enough to fit almost any sized mobile device.

Pedestal... Planning on stacking your FUYL Cells into columns? We recommend that you add a Pedestal to elevate them off the floor. This will provide easier access to the bottom compartments.

Specifications:

Dimensions (mm): 480(L) x 480(W) x 500(H)
Weight: 24.3 kg
